My name is Arthur Chow, and I am from the Dallas Chapter, GDTCCJC (Greater Dallas Taiwanese Chamber of Commerce Junior Chapter). My parents have been active members of the Dallas chapter for many years so it was natural that I became a founding member in 2006 when Dallas decided to create a junior chapter. Since then, I have served as the Dallas chapter President, 9th Term TJCCNA President and now contending for 8th Term WTCCJC Presidential Candidate. Below is a summary of my involvement in the Taiwanese Chamber of Commerce and my future vision as a WTCCJC Presidential Candidate.

My Ultimate Vision

To create a globally connected, strong, responsive network of Overseas Taiwanese that has powerful worldwide influence in all matters relating to their success and well-being in their respective countries, while propagating Taiwanese culture and contributing back to the mother country.

The Plan: *USA: Unite, Support, Activate*

Unite the Varying Demographics and Cultures of each Overseas Taiwanese Locale and Membership

Support Strategically, Logistically, Creatively Each New and Existing Local and Regional Chapters

Activate Membership to Promote and Lead Economic and Cultural Development and to Represent Taiwan and Increase Awareness Across the World
